

Insite Environmental, LLC

ProActive IAQSM

COMMERCIAL • MULTI-FAMILY RESIDENTIAL • PROPERTY MANAGEMENT

ProActive IAQSM is a progressive Indoor Air Quality monitoring and training program developed by Insite Environmental, LLC for Commercial and Multi-family Residential property owners and property management companies. This comprehensive programs' goal is to protect properties and to prevent Indoor Air Quality issues such as *Mold, Dust Allergens, Bacteria, Radon* and *Carbon Monoxide* from becoming a major problem.

The Environmental Protection Agency ranks indoor air pollution among the top five environmental risks to public health and litigation nationwide has increased significantly over the past five years.

Protect Your Investments

With ProActive IAQSM you'll receive:

- *Flat rates for Certified Inspection and Assessment program from Insite Environmental customized to fit your needs so there are never any surprises.*
- *Bi-Annual Inspections to ensure healthy living or working conditions for your tenants.*
- *Discounted Testing Services to document a proactive approach to resolving Indoor Air Quality issues should they arise.*
- *Prevention Training Programs for your maintenance personnel to help identify and prevent small problems from becoming large problems with significantly expensive results.*
- *Possible Insurance Savings – Insite Environmental is currently working with Insurance companies for premium reductions for companies participating in the ProActive IAQSM Program.*
